

LIVO
logistics

WELCOME

LIVO LOGISTICS was founded by a group of senior professionals with decades of experience in various areas of transportation services, always searching for the best economical and technical alternatives. Each member of this team, initially established in Europe, has been building solutions to solve its clients' logistics challenges.

We have developed and executed exclusive projects around the globe. The considered years of experience, provides the knowledge to understand our customer logistics needs and align each project to its specifics.

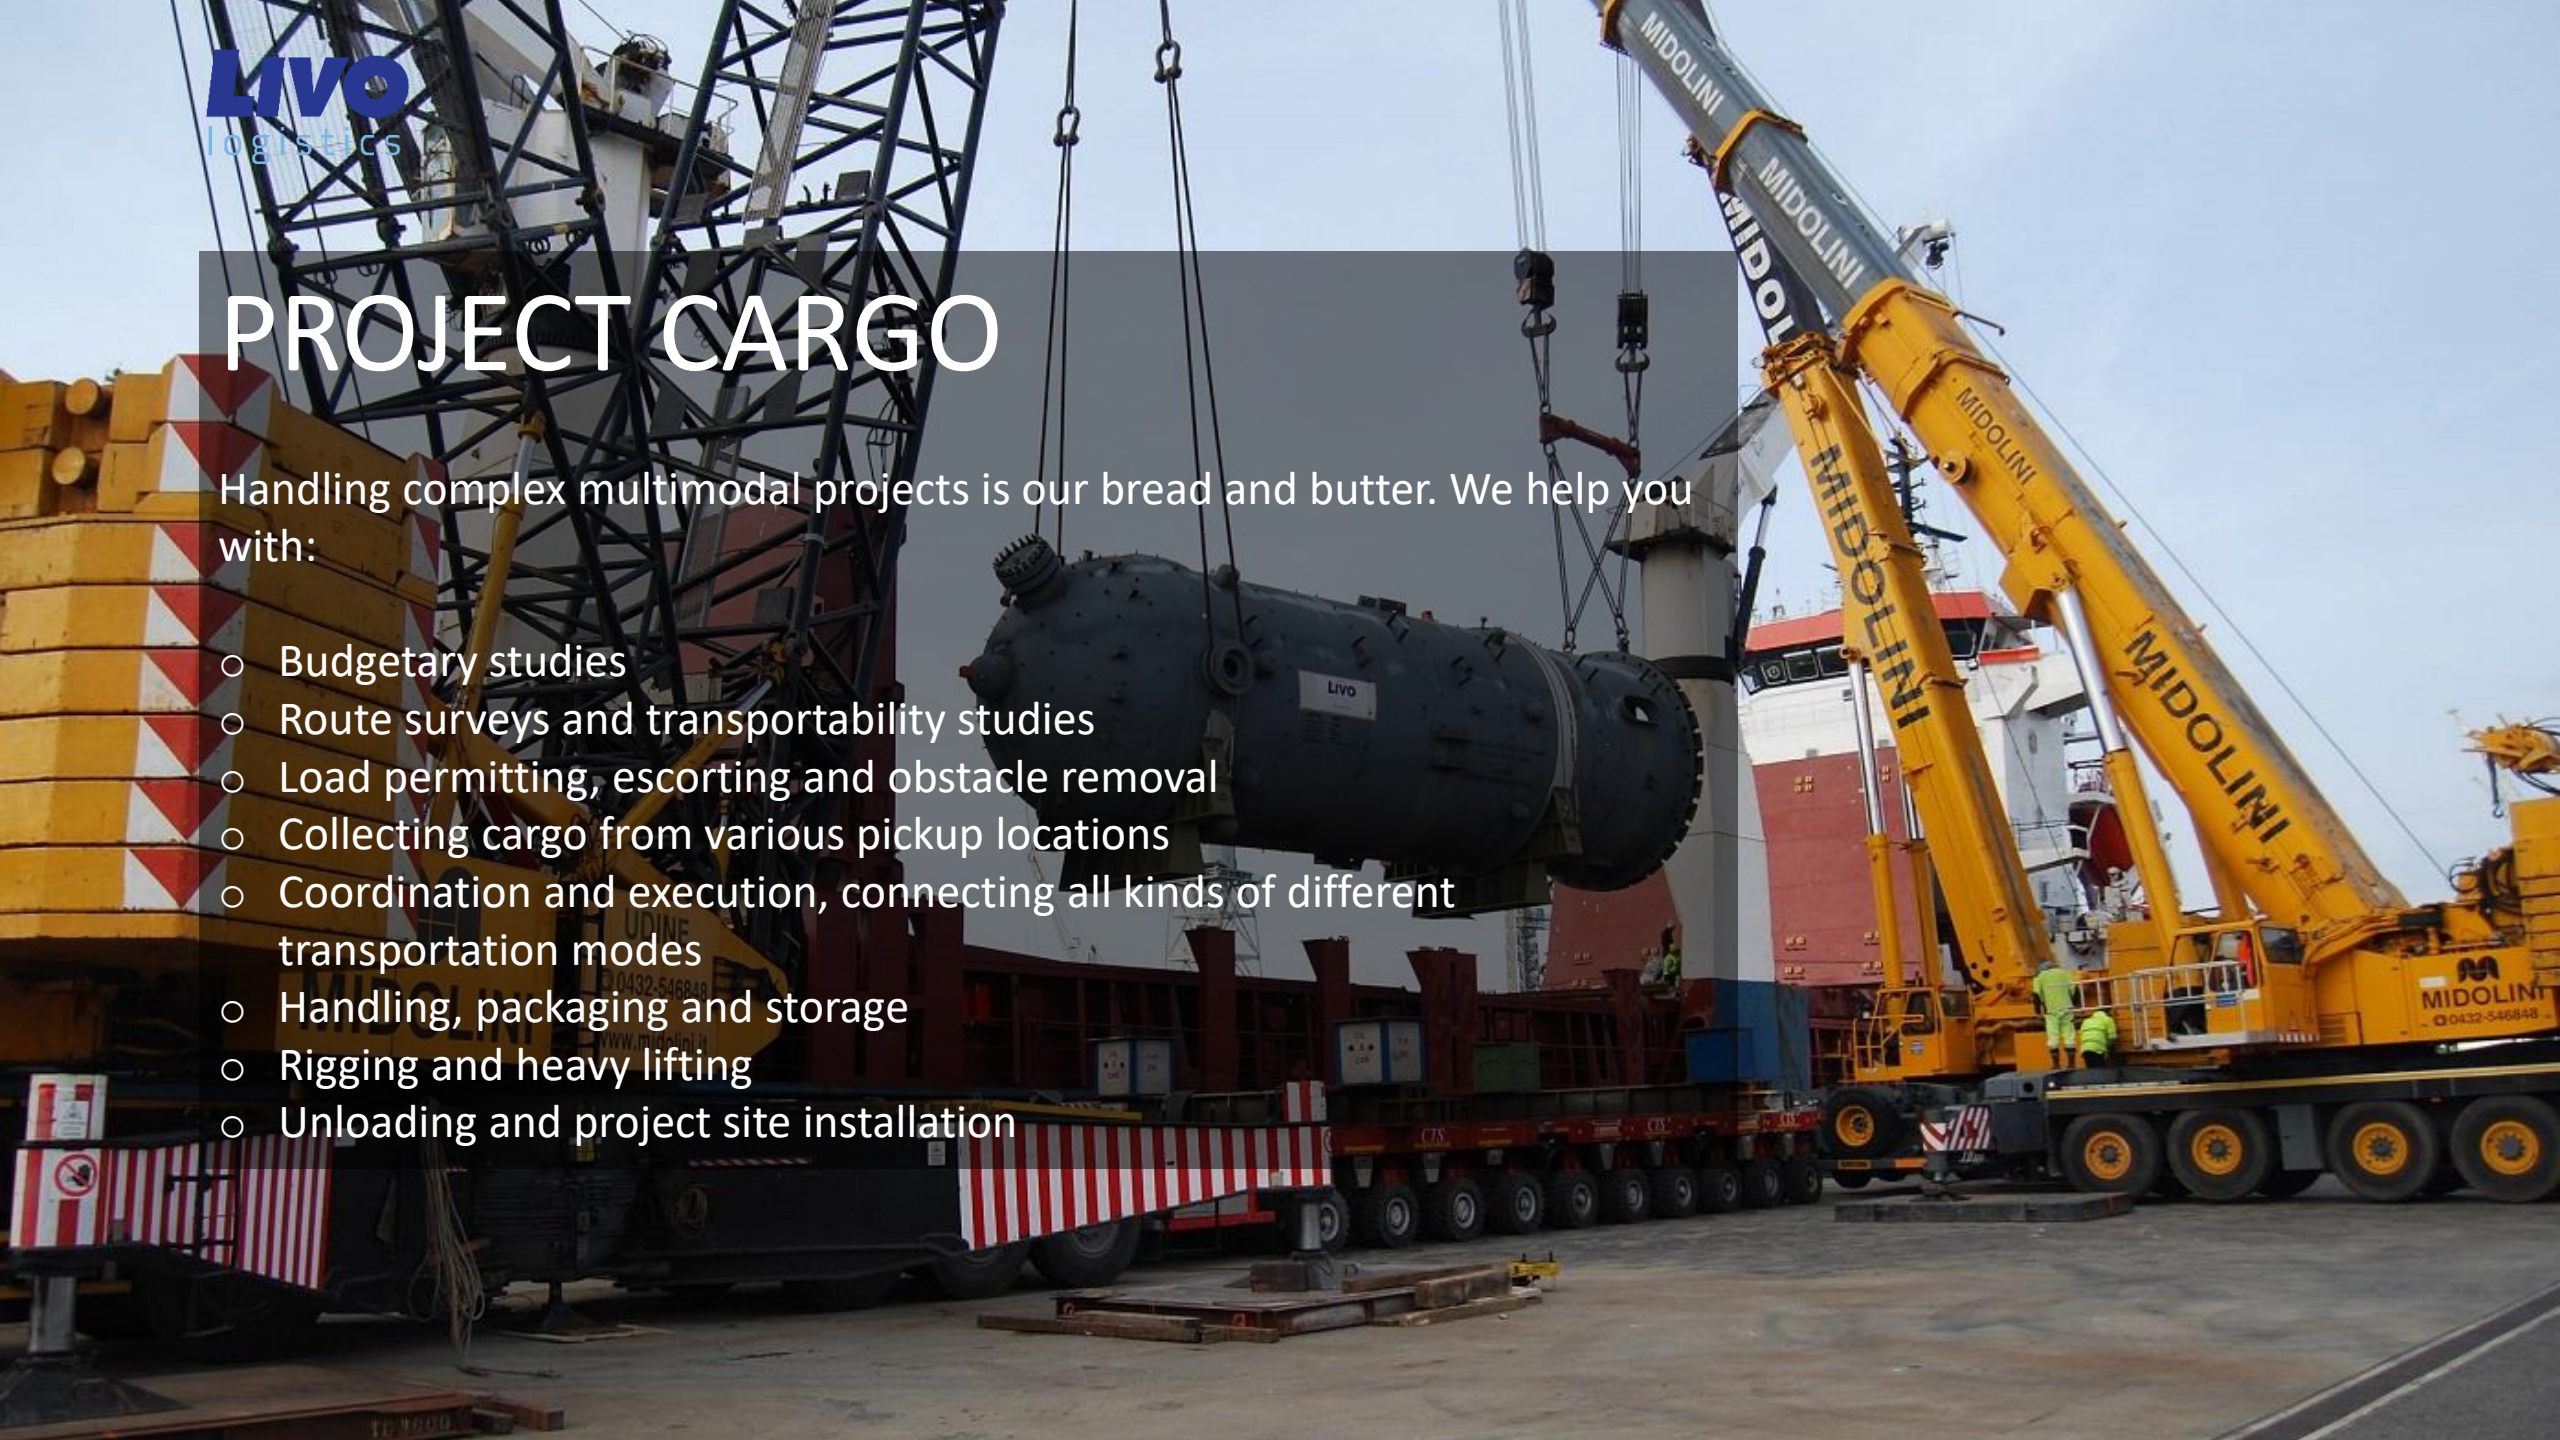

Attending all industrial areas, from moving small cargo to very large over-dimensional as project cargoes, requiring specific equipment for handling and transportation. Each project is developed and executed with a special attention of the team and its reliable network of partners with a maximum attention on safety standards and complying with the target dates.

We work close with our clients to guarantee a customized top level service. It is our ambition to be recognized by our clients as a solution provider with a high level of service excellence that adds value to their business.

PROJECT CARGO

Handling complex multimodal projects is our bread and butter. We help you with:

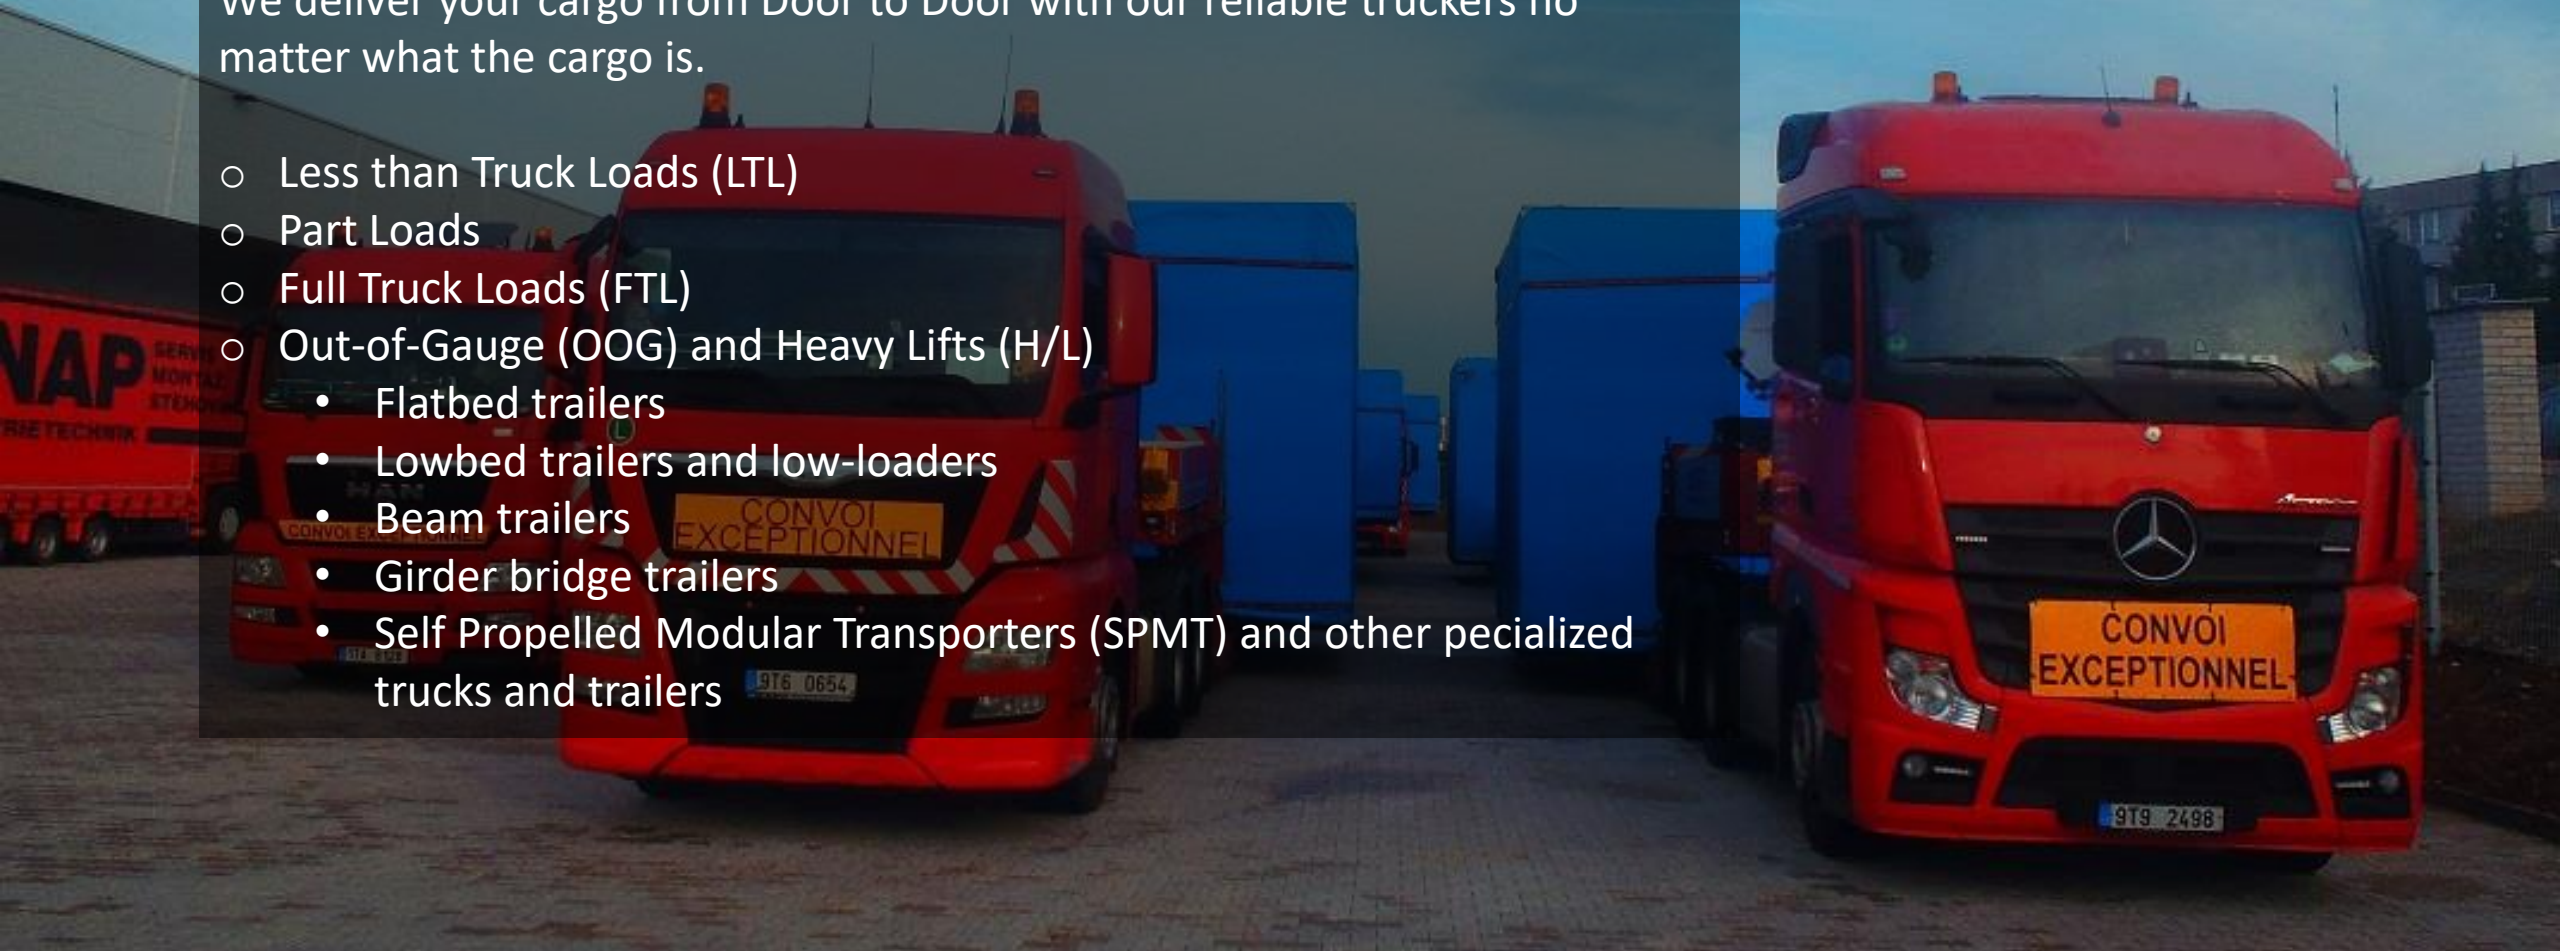

- Budgetary studies
- Route surveys and transportability studies
- Load permitting, escorting and obstacle removal
- Collecting cargo from various pickup locations
- Coordination and execution, connecting all kinds of different transportation modes
- Handling, packaging and storage
- Rigging and heavy lifting
- Unloading and project site installation

ROAD TRANSPORTATION

We deliver your cargo from Door to Door with our reliable truckers no matter what the cargo is.

- Less than Truck Loads (LTL)
- Part Loads
- Full Truck Loads (FTL)
- Out-of-Gauge (OOG) and Heavy Lifts (H/L)
 - Flatbed trailers
 - Lowbed trailers and low-loaders
 - Beam trailers
 - Girder bridge trailers
 - Self Propelled Modular Transporters (SPMT) and other specialized trucks and trailers

OCEAN TRANSPORTATION

Covering most geographical areas and ports via our shipping line partners and vessel owners from small coaster vessels, via handysize Heavy Lift geared vessels up to large container and bulk carriers.

- Less than Container Loads (LCL)
- Full Container Loads (FCL)
- Out-of-Gauge Open Top or Flat Rack Container Loads
- Roll-on / Roll-off (RORO) cargo
 - Self-propelled
 - Towable
 - Static on Roll (MAFI) trailers
- Breakbulk (conventional) cargo
 - Liner service
 - Part cargo vessel charter
 - Full cargo vessel charter

BARGE TRANSPORTATION

Taking your sizable, heavy or voluminous cargo from inland locations to sea ports or vice-versa, serving ports in North Sea, Baltic Sea, Black Sea and Adriatic Sea via the following rivers and canals:

- Rhein / Waal: Basel – Rotterdam / Antwerp
- Elbe: Mělník – Hamburg
- Mittelland, Dortmund-Ems, Rhine-Herne canal connecting Elbe and Rhine
- Danube: Kelheim – Constanta
- Rhine-Main-Danube canal connecting North Sea and Black Sea
- Po river: Northern Italy – Porto Marghera and other Adriatic Sea ports
- Vistula and Oder: Polish inland – Gdansk, Szczecin and other Baltic Sea ports

We guarantee to have availability to utilize numbers of different coaster, barge and pontoon types and sizes available to fulfill your needs.

AIR TRANSPORTATION

Fast Door to Door delivery service around the globe available by:

- Courier service
- Air commercial service on cargo and passenger flights
- Air charter service of all types and sizes of aircrafts

We take care of your shipment from pickup via customs clearance, screening, handling, airfreight up to delivery to final destination.

CARGO OPERATIONS

When required, we provide additional cargo operations services including but not limited to:

- Customs clearance
- Cargo handling
- Storage and warehousing
- Packaging and repackaging
- Inspections and surveys
- Distribution

DANGEROUS CARGO

Transporting almost any classification of dangerous goods, including explosives, ammonium nitrate and other hazardous cargo is our expertise. We can help you with:

- Police and private escorts
- Road Transit permits
- Segregation rules
- Labeling and export documentation
- Ocean vessel chartering
- Overflight permits for air transportation of IATA forbidden
- Anti-detonation test of your AN sample and issuance of the certificate
- And more...
